**CAST IRON STACK CLEANOUT WITH PLUG AND
ROUND, NICKEL BRONZE WALL ACCESS PANEL**

Specification: MIFAB Series C1460-R (select model number) lacquered cast iron cleanout with large access area, tapered thread plug and 6" round, smooth nickel bronze access panel with allen key screws and anchor frame with mounting lugs.

Function: Typically installed within the drainage vertical pipe where a cleanout is required. Cleanout plug is secured to pipe with no hub couplings from others. Recessed head has square sized slot to receive tool for plug removal. The round access panel design eliminates the need to align with adjacent floor and ceiling patterns. Anchor tabs provide a means to secure cover to wall structure.

C1460-R Series meets ANSI/ASME floor drain standard A112.6.3-2001
