## Lil Max® – 7 to 50 GPM Rice Interceptors

### Specification:
MIFAB® Series Lil-(specify size)-R HDPE injection molded rice interceptor with flow rating of ____ (indicate) and liquid holding capacity of ____ (indicate). Unit shall include: two internal straining baffles with 1/4" diameter holes spaced 1/2" apart, internal deep seal trap and HDPE injection molded, non skid, rectangular gasketed lid with securing latches. For indoor/outdoor use.

### Function:
Used in restaurants, kitchens, institution and other types of food processing areas where rice drains with the waste water. Typically installed either on or recessed in the floor. Regular maintenance is required to keep the interceptor functioning. The rice interceptor will filter out rice and sediment from the fixture waste line before entering the pipe system to reduce clogging. Interceptor is cleaned by removing the top gasketed lid and accessing the internal straining baffle. Simple latch design permits fast and easy removal of the lid for cleaning and maintenance. HDPE injection molded body and lid are covered by a limited lifetime warranty. All Lil Max interceptors can withstand a temperature of up to and including 180 degrees Fahrenheit.

### Suffixes and Descriptions:
- **-C**: Extension "C" as required (up to 9" increments) (for models Lil-20-R and Lil-25-R) (contact MIFAB for other model extensions)
- **-C**: Extension "C" as required (up to 9" increments) (for models Lil-35-R and Lil-50-R)
- **-F**: Connection sizes different from standard (specify size) (by using a MIFAB MI-HUB increasing / reducing coupling).
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-7-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-10-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-15-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-20-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-25-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-35-R
- **-FSCR**: Stainless steel fine screen sediment bucket for Lil-50-R
- **-LHSI**: No hub inlet on left hand side
- **-RHSI**: No hub inlet on right hand side
- **-SP-IN**: External Sampling Port - inline (part # Lil-SP)
- **-SP-OF**: External Sampling Port - offset (part # Lil-SP-OF)
- **-T**: Female threaded connections

### Note:
Lid has a 350 lb. load capacity
