Re: MIFAB Specification Drainage List Price Increase Effective February 15, 2021

Dear Valued Customer,

MIFAB has experienced increases in our raw material, transportation and overhead costs and therefore must increase our List Prices for our specification drainage products.

Effective February 15, 2021, MIFAB's new MPB-2021-CAN will go into effect. The List Price increase is an average of approximately 5%

Your local MIFAB representative will have the new MPB-2021-CAN specification drainage products List Price Book available for distribution soon.

All current quotations with the MPB-2020-CAN List Prices must be entered as orders on or before February 14, 2021 and be released for shipment no later than March 1, 2021 for current price protection.

If you require any additional information please don't hesitate to contact your MIFAB representative.

Thank you in advance for your continued support and understanding in this matter.

Sincerely,

Michael Whiteside, President
