

## 3/4" Slots Now Available For: MC-31 & MC-41

MIFAB is now offering the -SL option for the MC-31 & MC-41 Carriers. These larger holes in the base of both legs allow contractors to use 3/4" bolts with adjustment room to secure the legs to the floor.

Side 3/4" slots (at various heights) to allow 1/2" water pipes to go through.

Slots are made oversized for easily locating at construction sites.

MC-31  
Single Hanger Plate  
Carrier with Two Uprights

MC-41  
Single Carrier with  
Concealed Arms

Both models available with the -SL option
