List Price, Per Foot (Frame Only)

T2600-F frames have a List Price of \$326.50. Each frame section is available in 12" long increments.

\$326.50

PER FOOT PRICE CALCULATION:

Full size bodies:

Divide the above noted List Price (\$326.50) by length of the frame (12") = \$27.2083 List per inch. (Frame Only)
\$27.2083 x 12" = \$326.50 List per foot (Frame Only)

26" wide x 12" long ductile iron grates:

Divide the above List Price (\$63.50 for the T2600-PGC-4 for example) by length of the grate (12") = \$5.2916
List per inch. \$5.2916 x 12" = \$63.50 List per foot. (Grate only)

Therefore, a typical T2600-F trench frame and grate system is \$390.00 List Price / foot (\$326.50 + \$63.50). This List Price includes the frame and the T2600-PGC-4 ductile iron grate. All other accessories are extra.
